Airport Service, Weddings, Special Events*

Catering Guidelines

- The caterer is responsible for providing all personnel and materials, required for the preparation of food and beverages. The use of all kitchen appliances (warmers, ovens, steam table, fryer) is permitted, however, the caterer must provide their own utensils, pots, pans, etc. Refrigerator use is limited and must be approved prior to the event.
- The responsibility of returning the kitchen (Dining Hall and/or 4th Floor Kitchen) and prep area to its original condition rests with the caterer. St. Ignatius will provide a mop, bucket and soap to encourage a thorough cleaning of the space. If the space is left in a condition that is unacceptable, the caterer will be charged \$80 per hour for a cleaning crew to return the kitchen to the condition that it was found.
- Unfortunately, no dishwasher is available, however, there is a three compartment dish sink that can be used. The caterer must supply dish soap, sanitizer, etc.
- It is the responsibility of the caterer to remove all trash and debris from the space during and at the end of the event. If needed, a representative from St. Ignatius will escort such individuals to the trash receptacles.
- St. Ignatius will set up and breakdown all equipment provided by St. Ignatius. The caterer is responsible for the set-up and breakdown of all rented equipment, including chairs.
- Deliveries can be accepted one day prior to the event, between the hours of 1:00pm and 6:00pm. All deliveries must be coordinated with the Saint Ignatius.
- At the conclusion of the event, all rental items must be neatly placed in the designated area of the space. All items must be removed from the facilities no later than the following business day and pick-up must be coordinated, in

advance, through the Director of Facilities. **There may be instances when it will be necessary for rental items to be picked up the same evening as the event or the following day, which in some cases may be a Sunday. This will be determined by the Director of Facilities.**

- No liquids, including ice, should be discarded in the grass area.

Thank you for your cooperation!
